Apostle-Prophet**

PROPHETIC WORD GIVEN:

3/7/24

Note: I had been given a single word during our Intercessory Prayer meeting on January 14, 2024.

The word was, *“destabilize.”* Defined as *to make unstable; to cause something (such as a government) to be incapable of functioning or surviving. Unstable means not firm or fixed: not constant, such as not steady in action or movement. Wavering in purpose or intent.*

There was a lot of meditation on and around this word, not only by me, but from the prayer team.

I felt that God was actually doing the destabilizing. For instance, that He was destabilizing wrong structures in us that we would become stable Believers. The thought of “the shaking” came to mind from Hebrews 12:26-28.

“The LORD says to His Church, “Do not remain silent—neither in your words or actions! I am destabilizing the Church because it is not MY Church and it will be incapable of functioning or surviving without this destabilization. As it stands right now, much of the Church is a false Church. Thus, I am destabilizing to recreate My true Church. A true, holy and strong remnant will come out of this Church that will Follow Me, trust in Me, obey My commands.

“The Church will not make it under the belief system of religion man has created; under the same routine, structure, and protocol that was received from the world of man and devised by the enemy. My Spirit—Holy Spirit desires even now to break-out His break-through! His Power! His Strength. NOW! But there is no place for this break-through to be placed in much of the Church. Thus, this destabilizing will CHANGE AND SEPARATE MY CHURCH that break-through can be embraced and held onto.”

The Spirit of the Living God says, “I want to prove who I am. I want to set the Course—so you need to follow Me in order to stay on My course. Many, many think they are following Me, but they are not. They are following the “god of Self” and what they know and knew. This is an artificial church.

“Be very careful. STAY THE COURSE! Stay on My Course,” says the Spirit of the Living God! “The destabilizing is happening even now. I will destabilize by true Faith and Love. I am taking you into a deeper level of faith and love so that you will please Me by following Me. Going deeper in My true love and faith will de-stabilize what you knew, what you want, your comfort, your attitude, thoughts, routine, and structures you use to worship Self.

““I have desired to answer the prayers of My saints. I have not held back because I don’t love you or want you to realize My promises. For it is certain I do. However, I have held back because what I desire for you will take a deeper

level of Faith and with that, a deeper level of Love, of which much of My Church currently does not have. You must follow My Spirit with My Faith and My Love.

The LORD of Hosts says, “I have NOT sent My created people to earth to do everything in the natural. I have given them a human spirit that is to be filled with My Spirit in order to be SUPERNATURAL as well as natural! You are sent to bring and release My Kingdom—which is supernatural. If My people do not understand this, they will continue to do everything in the natural. They will pursue natural works. They will pursue works they know and have the ability to do. They will lean upon their own understanding of which I have told them not to do (Proverbs 3:5). This creates the artificial church.

“I Am calling you to work with Me,” says the Holy Spirit of God. “Let me lead and guide you, for the Day is Short—and you must now work through a *demonstration of My Power!* And these SIGNS shall follow those who BELIEVE: they shall cast out demons and heal the sick! They shall raise the dead! They operate in My Resurrection power. But only those who BELIEVE!”

The LORD of Hosts says, “The enemy also seeks to destabilize the whole Church, as he always has even from the beginning. You must discern very well in this hour or you will get caught up in factions, strife, disunity and more. You will get caught up in comfort. You will caught up in what *you want to do* and what *you can* do. You must discern or you will get caught up in dead ministry.

“My GRACE IS SUFFICIENT, BUT IT IS SUFFICIENT IN MY POWER! With Me all things are possible. I am calling you to impossible right now.

“I am at the Door! I am in ready mode! I am putting My Church under **RED ALERT**

(A condition of heightened alertness or preparedness) right now.

CHANGE!
