

THE PROPHETIC POINT

Apostle/Prophet Debra Jack Pacheco

IT'S TIME TO RECEIVE!

Are you paying attention to the *signs of the times* and the *prophetic seasons* we are in? God has created “*times*” and “*seasons*” upon the Earth and He can and will, as well, put emphasis on seasons and times—our time. For instance, He tells us of things to come in the latter days. This is an emphasis on and in time. This year of 2025 “right now,” we are in a season of fulfillment as the LORD has spoken to many of His prophets. This fulfillment has to do with things we started, maybe yesterday--maybe years ago, and were never able to get it off the ground or see it developed for some reason or another. Maybe you started a business years ago that just never took off, but for some reason, you can't let it go or don't sense to let it go. Maybe it's a church or ministry? Maybe it's a book to write. It may be from something personal to ministry to whatever! This is most likely the season for getting that vision, dream, or desire going so that it can be a fulfilling aspect in your life but also benefit others in many different ways. And it's between you and God because He is the only One who knows the PLANS He has for you. But whatever it is that needs or requires fulfillment in your life, there is an anointing on it for now!

In that fulfillment lies the treasure of receiving. No one can experience fulfillment without the ability to receive. It's time to receive from the LORD—the God of wisdom and revelation!

The LORD says, “My people suffer greatly because they do not receive from Me what I have given them. And therefore, they struggle, they walk in confusion, fear entangles them, disappointment covers them, and peace evades them. I have come to give them life and life to the full until it overflows--however, this life to the full, it has to be received, first and foremost! It is time for my people to receive from Me!”

The LORD continues: “My people also suffer greatly because they do not realize what I have already provided them for each and every season of life they are in. While their needs change according to what they are doing and the season they are in changes—I do not change! I am their Jehovah Jireh—their consistent Provider all the time and in the specific ways that are determined. They need only to ask and receive in faith and Heaven releases the resources and provision.”

Do you know what you have been given to receive? It's time for you to find out! The Word of God will advance you into this truth. Receiving begins through a place of humility in obedience in our lives. Pride must go (reliance on self) and submission to the Provider is met with humility and trust/faith!

It is of utmost importance that as children of God, we learn how to receive from Him. Essentially, we will have nothing to give until we learn to receive from the hand of God. In other words, those who are or have become great givers learn how to become great receivers.

The Lord wants to make a deposits in us--He wants to fill us full of the amazing supernatural assets from the Kingdom of God that Jesus Christ has already given us in order to be who we are supposed to be; do what we are supposed to do; and go where we are supposed to go, and for fulfillment to happen. It's time to give God the open door to our heart He needs in order to do so through OBEDIENCE, TRUST AND FAITH.

IT'S TIME TO RECEIVE!
